Compiled CSS and JS

Download ready-to-use compiled code for **Bootstrap v5.3.1** to easily drop into your project, which includes:

- Compiled and minified CSS bundles (see [CSS files comparison](#))
- Compiled and minified JavaScript plugins (see [JS files comparison](#))

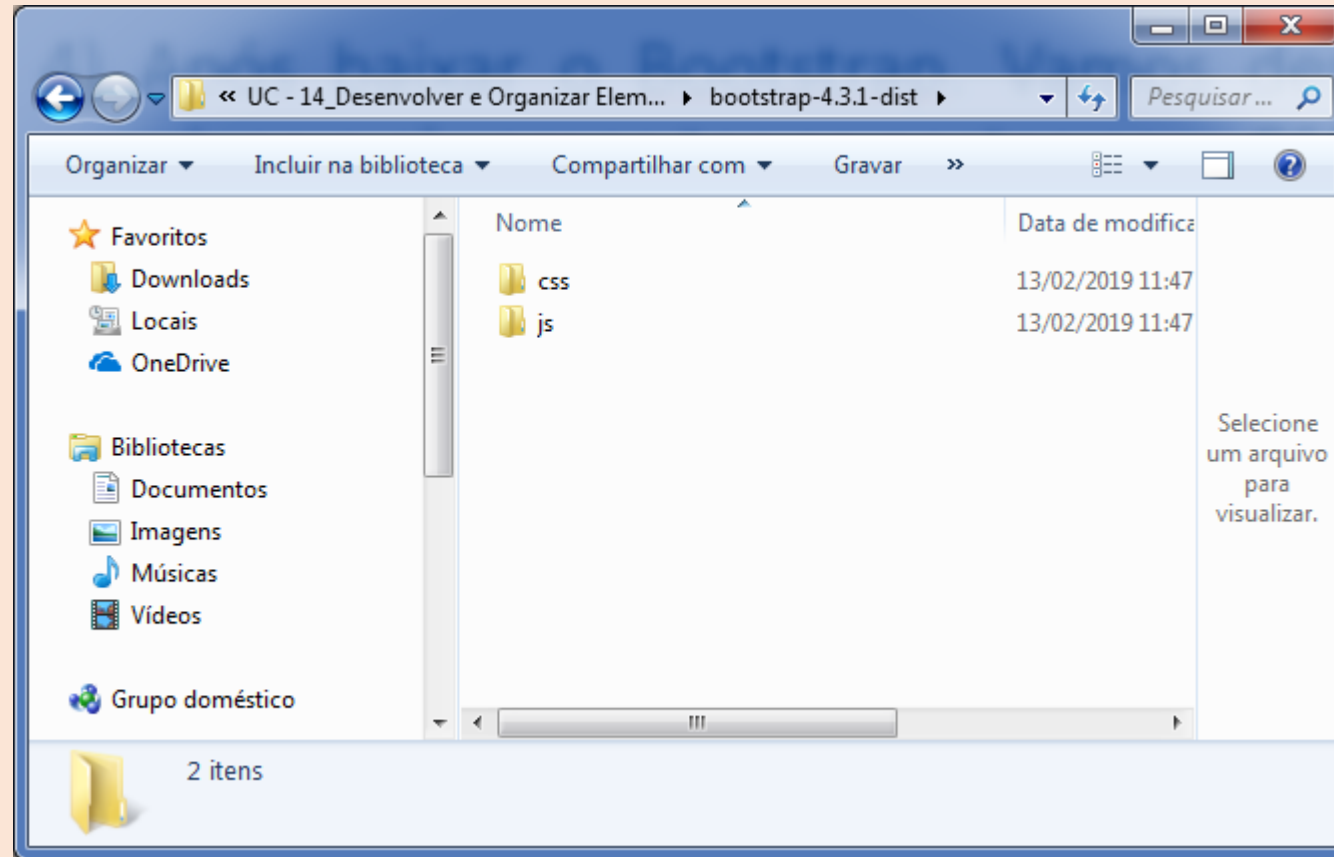

This doesn't include documentation, source files, or any optional JavaScript dependencies like Popper.

3) Após baixar o **Bootstrap**. Vamos **descompactar** os arquivos e aí vamos ter as pastas com os arquivos **CSS** e **JS**.

Agora estamos pronto para usar os arquivos do **Bootstrap** no nosso Projeto.
